(a) the application, administration, execution, and effectiveness of those laws, or parts of laws, within its jurisdiction;

(b) the organization and operation of the Federal agencies and entities having responsibilities in or for the administration and execution of these laws in order to determine whether such laws and the programs thereunder are being implemented and carried out in accordance with the intent of the Congress and whether such programs should be continued, curtailed, or eliminated; and

(c) any conditions or circumstances which may indicate the necessity or desirability of enacting new or additional legislation within its jurisdiction (whether or not any bill or resolution has been introduced with respect thereto).

(2) The Committee shall undertake future research and forecasting on matters within its jurisdiction.

(3) The Committee shall review and study on a continuing basis the impact or probable impact of tax policies affecting subjects within its jurisdiction.

(B) *Annual Appropriations.*— In its consideration of all public bills and joint resolutions, the Committee shall ensure that appropriations for continuing programs and activities will be made annually to the maximum extent feasible and consistent with the nature, requirements, and objectives of the programs and activities involved. The Committee shall review, from time to time, each continuing program within its jurisdiction for which appropriations are not made annually in order to ascertain whether such programs could be modified so that appropriations therefor would be made annually.

(C) *Views and Estimates.*— On or before March 15 of each year, the Committee shall submit to the Committee on the Budget:

(1) its views and estimates with respect to all matters to be set forth in the concurrent resolution on the budget for the ensuing fiscal year which are within its jurisdiction or functions; and

RULE IV. SUBCOMMITTEES

(A) *Applicability of Committee Rules.*— Written Rules adopted by the Committee, not inconsistent with the Rules of the House, shall be binding on each of its Subcommittees. Each Subcommittee is a part of the Full Committee and subject to its authority, direction, and Rules.

(C) *Other Subcommittees.*— The Chairman, or a majority of the Committee, may establish, as determined to be appropriate for the conduct of Committee business, other special, select, or ad hoc committees.

(D) *Subcommittee Membership.*—

(1) The ratio of Majority Members to Minority Members on Subcommittees, including Ex Officio Members, shall be no less favorable to the Majority Party than the ratio of Membership on the Full Committee.

(2) A Committee Member may temporarily resign from his Subcommittee assignment to serve on another Subcommittee of the Committee in the event of a vacancy. Members returning to their Subcommittee assignment at the end of the temporary assignment shall return to their original assignment without prejudice to tenure or seniority.

(E) *Ex Officio and Other Committee Members.*—

(1) The Chairman and the Ranking Minority Member of the Full Committee shall serve as Ex Officio Members of all Subcommittees of which they are not designated as Chairman or Ranking Minority Member. However, for the 100th Congress, the Chairman or Ranking Minority Member may give up his Ex Officio Membership on any Subcommittee in favor of another Member of the Committee.

(2) Any Member of the Committee may sit with any Subcommittee of which he or she is not a Member during its hearings or meetings (including closed meetings) and participate therein, but may not vote on any matter, or be counted present for the purpose of determining a quorum, or raise points of order, or, except as the Subcommittee Chairman may permit, participate in questioning under the five-minute rule.

(F) *Subcommittee Meetings.*—

(1) Subcommittees may hold hearings, receive evidence, hear witnesses, and report to the Committee for final action, together with such recommendations as may be agreed upon by the Subcommittee, on such matters as the Chairman may refer to a Subcommittee.

(2) Dates for Subcommittee meetings shall be assigned as a result of consultation between the Chairman and Subcommittee Chairmen and as nearly as practicable in relation to, and in accordance with, workloads.

(3) Subcommittees shall not meet at the same time as the Full Committee without the express permission of the Chairman of the Committee.

(G) *Joint Subcommittee Markup.*— When two or more Subcommittees meet jointly to take action on any measure or matter, each Member shall be entitled to one vote on each amendment, motion, order, or proposition.

(B) *Additional Meetings.*— The Chairman may call and convene additional meetings.

(C) *Meeting Notices.*—

(1) The date, time, place, and subject matter of meetings shall be announced to all Members of the Committee and the public at least one week in advance. (2) All meeting notices shall be promptly published in the Daily Digest and promptly entered into the Committee scheduling service of the House Information Systems.

(3) All Committee Members shall have adequate notice prior to Committee or Subcommittee investigations or hearings at locations other than Washington, D.C.

considered at that special meeting. Immediately upon the filing of that notice, the Clerk of the Committee shall notify all Members of the Committee of the special meeting.

(3) The above procedures also apply to Subcommittees, except that the number of Subcommittee Members required to request a special Subcommittee meeting is two, and a majority of the Members of the Subcommittee must file their signed, written notice with the Subcommittee Clerk.

(E) *Conflict With Party Caucus or Conference.*— When a Party Caucus or Conference of either Party directly conflicts with a scheduled Committee meeting, the meeting of the Committee shall be cancelled. The Clerk of the Committee shall give oral and confirming written notice to that effect to all Committee Members. The Chairman shall reschedule the meeting at the earliest practical time.

(F) *Prohibition Against Meetings During Five-Minute Rule.*— The Committee may not sit, without special leave, while the House is reading a measure for amendment under the five-minute rule.

(B) *Referral of Legislation.*—

(1) All legislation and other matters referred to the Committee shall be referred by the Chairman to all Subcommittees of appropriate jurisdiction within two weeks, unless by majority vote of the Majority Party Members of the Full Committee or by agreement between or among the Chairman and all the Subcommittee Chairmen to whom the legislation or other matter would otherwise be referred, consideration is to be by the Full Committee.

(2) The Chairman may refer any measure or matter simultaneously to two or more Subcommittees for concurrent consideration, or for consideration in sequence (subject to appropriate time limitations in the case of any Subcommittee), or divide the matter into two or more parts (reflecting different subjects and jurisdictions) and refer each such part to a different Subcommittee.

(2) Notwithstanding paragraph (1), a majority of those present, if the number required for the purpose of taking testimony are present, may vote to close the hearing for the sole purpose of discussing whether testimony or evidence to be received would endanger the national security or tend to defame, degrade, or incriminate any person.

(3) The Committee or Subcommittee may by the same procedure, vote to close one subsequent day of hearing.

(4) No Member of the House may be excluded from nonparticipatory attendance at any hearing of the Committee or its Subcommittees, unless the House of Representatives, by majority vote, authorizes the Committee or the Subcommittee, for purposes of a particular series of hearings on a particular article of legislation or on a particular subject of investigation, to close its hearings to Members by the same procedure for closing hearings to the public.

(2) The Committee shall proceed to receive such testimony in open session only if a majority of the Members of the Committee, a majority being present, determine that such evidence or testimony will not tend to defame, degrade, or incriminate any person.

(3) In either case, the Committee shall afford such person an opportunity voluntarily to appear as a witness, and shall receive and dispose of requests from such person to subpoena additional witnesses.

(L) *Questioning of Witnesses.*—

Each Member may request up to five minutes in each round of questioning. Additional time may be extended at the discretion of the Chairman.

(O) *Ordering of Rollcall Votes.*— A rollcall vote may be ordered by one-fifth of the Members present.

(P) *Proxies.*—

(1) A Member may vote by proxy only on a specific measure or matter and any amendments or motions pertaining to it; except that a Member may authorize a proxy for all motions to recess, adjourn, or other procedural matters.

(2) In order to be considered a valid and duly executed proxy, the proxy authorization must: be in writing; assert that the Member is absent on official business, or is otherwise unable to be present at the meeting of the Committee; designate the person who is to execute the proxy authorization; and be signed by the Member assigning his or her vote, noting the date and time that the proxy was signed.

(3) For a proxy to be valid in sessions on succeeding days, it must be stipulated in the proxy, and if not stipulated, cannot be voted.

(4) All executed proxies shall be delivered to the Clerk and kept at the desk during the proceedings of the Committee for which they are given and shall be included in the official records of the meeting after they have been voted.

(6) Proxies may not be counted for a quorum.

RULE VII. WITNESSES

(A) *Advance Testimony Requirements.*— A witness shall not be permitted to testify or present evidence, nor will any statement or testimony be included in the Committee hearing record, unless seventy-five copies of the testimony have been delivered to the Clerk of the Committee at least twenty-four hours (excluding Saturdays, Sundays, and legal holidays) prior to the meeting. At least ten of these copies must be delivered at least forty-eight hours (excluding Saturdays, Sundays, and legal holidays) prior to the meeting. These requirements may be waived by the Chariman.

(B) *Written Summary.*— Each prepared statement of ten pages or more shall include a summary which may not exceed five pages in length.

(C) *Federal and Administration Witnesses.*— To the extent feasible, statements and testimony of witnesses from Federal and Administrative agencies shall be accompanied, if not previously received, by fifty copies of the Federal agency report requested by the Committee on the matters pending before it.

(D) *Ten Minute Oral Testimony.*— Witnesses will be allowed no more than ten minutes to orally summarize their prepared statement. The full statement will be made a part of the record.

(E) *Investigative Hearing Witnesses.*—

(1) A copy of the Committee Rules shall be made available to each witness.

(2) Witnesses may be accompanied by their own counsel for the purpose of advising them concerning their constitutional rights.

(3) The Chairman may punish breaches of order and decorum, and of professional ethics on the part of counsel, by censure and exclusion from the hearings; and the Committee may cite the offender to the House for contempt.

One copy will be retained by the Clerk for printing and the remainder transmitted to the appropriate Majority and Minority Counsels.

RULE VIII. BROADCASTING OF COMMITTEE MEETINGS

(7) The number of television cameras allowed in the hearing or meeting room is at the discretion of the Chairman. If necessary, the allocation among the television media of these positions shall be in accordance with fair and equitable procedures devised by the Executive Committee of the Radio and Television Correspondents' Gallery.
